HIGHBALL

DIMENSIONS height 80 x width 100 cm

THICKNESS from 1,5 cm to 3,0 cm

WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

HIGHBALL - A distinct pattern of optically dynamic panels. Circular forms enrich the spatial experience, seeming to vibrate among the rhythms of the main theme lines.

HOURLASS

DIMENSIONS height 80 x width 100 cm

THICKNESS from 1,5 cm to 3,0 cm

WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

HOURLASS - A very deep, provocative pattern, one of our most effective panels at higher levels of the walls or ceilings. Although Hourglass is a very universal design, it is particularly striking in modern decorated surroundings.

ORIGAMI

DIMENSIONS height 80 x width 100 cm
THICKNESS from 1,5 cm to 3,0 cm
WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

ORIGAMI - One of the most original designs Dunes draws its form directly from the asymmetry of Japanese art and elegance of design. It works in almost any environment and various colour combinations.

ROLLING

DIMENSIONS height 80 x width 100 cm
THICKNESS from 1,5 cm to 3,0 cm
WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

ROLLING - Double waving lines give a fantastically subtle effect along low profiles. Their lightweight design means they can be used on almost any ceiling and our Rolling panels are available in a beautiful range of colours.

SHALLOW

DIMENSIONS height 80 x width 100 cm
THICKNESS from 1,5 cm to 3,0 cm
WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

SHALLOW - this beautifully smooth single line design adds a rich shadow effect when exposed to light, enhancing the aesthetics of not only the room but also the surrounding furniture.

TEARS

DIMENSIONS height 80 x width 100 cm
THICKNESS from 1,5 cm to 3,0 cm
WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

TEARS - Thanks to the carefully balanced symmetry of this pattern, a wonderfully soft gentle mood is introduced and with the addition of subtle lighting the beauty of the room showcasing these sculptured panels is easily highlighted.

TABLET

DIMENSIONS height 37 x width 37 cm

THICKNESS from 3,0 cm to 5,0 cm

WEIGHT about 1,3 kg

Panels sizes can vary up to 5 mm from each side

TABLET - A wonderful alternative to traditional interior walls. By multiplying this simple square design, the walls become deep and vibrant, while creating a fantastic, flowing symmetry.

MONROE

DIMENSIONS height 80 x width 100 cm

THICKNESS from 1,5 cm to 3,0 cm

WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

MONROE - inspired by yachts gliding through waves, this pattern when added to any wall adds a deep and dynamic character.

CURLED

DIMENSIONS height 80 x width 100 cm

THICKNESS from 1,5 cm to 3,0 cm

WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

CURLED - a theme that can be used to abstract interior design. Perfectly both vertically and horizontally. Sculptured panels have a very calming nature. With proper lighting, these panels will revive both small and large interiors.

CRATERS

DIMENSIONS Ø 39 cm

THICKNESS 3,2 cm

WEIGHT about 1,2 kg

Panels sizes can vary up to 5 mm from each side

CRATERS - designed using irregular rhythms that give the interior of any room a dynamic and original character. The asymmetry and the apparent chaos of the composition are a strong contrast and the irregular composition and the characteristic shape of the panels give endless possibilities to the patterns you can achieve.

SQUARES

SQUARES - When combined with modern and bold colours, the vertical and horizontal symmetry of this piece gives any room an entirely unique character with its original shape and the concave circle set onto a convex square creates a more dynamic sense of space, giving it an expressive design.

DIMENSIONS height 37 x width 37 cm

THICKNESS 4,0 cm

WEIGHT about 1,5 kg

Panels sizes can vary up to 5 mm from each side

DIMENSIONS height 80 x width 100 cm

THICKNESS from 1,5 cm to 3,0 cm

WEIGHT about 12 kg

Panels sizes can vary up to 5 mm from each side

WAVE

WAVE - wavy irregular lines of the panels evoke the feeling of subtle movement of gentle waves. The Chiaroscuro effect reinforces the impression of movement and stresses the convex dimension of the panel. These panels merge perfectly with any surrounding, from traditional to modern.

FLOWER

FLOWER - Inspired by fresh lilies. Organic, deep, enriched, discrete chiaroscuro theme is perfectly suited to modern rooms. This Strong, distinctive design emphasizes spatial qualities and this original theme encourages innovative combinations of arrangement.

DIMENSIONS height 80 x width 80 cm
THICKNESS from 1,5 cm to 5,0 cm
WEIGHT about 13 kg
 Panels sizes can vary up to 5 mm from each side

HOLES

DIMENSIONS height 80 x width 60 cm
THICKNESS from 1,7 cm to 7,0 cm
WEIGHT about 11 kg
 Panels sizes can vary up to 5 mm from each side

HOLES - arrange the space through regular, horizontal and vertical undulation rhythms of light and shadow. This pattern strongly defines the space, giving the interior a clear, definite character. Wave cavities skilfully bring out the play of light with panels and subtle lighting, the room gains a discreet, dark character.

LILY

LILY - is a model based on floral motifs. The Lily shape used in the panels, artistically inscribed in the circle motif, makes an arranged interior design with a very original character. This floral design gives the interior a lightness and freshness of meadow flowers.

DIMENSIONS height 80 x width 80 cm
THICKNESS from 1,5 cm to 6,0 cm
WEIGHT about 13 kg
 Panels sizes can vary up to 5 mm from each side

MAZE

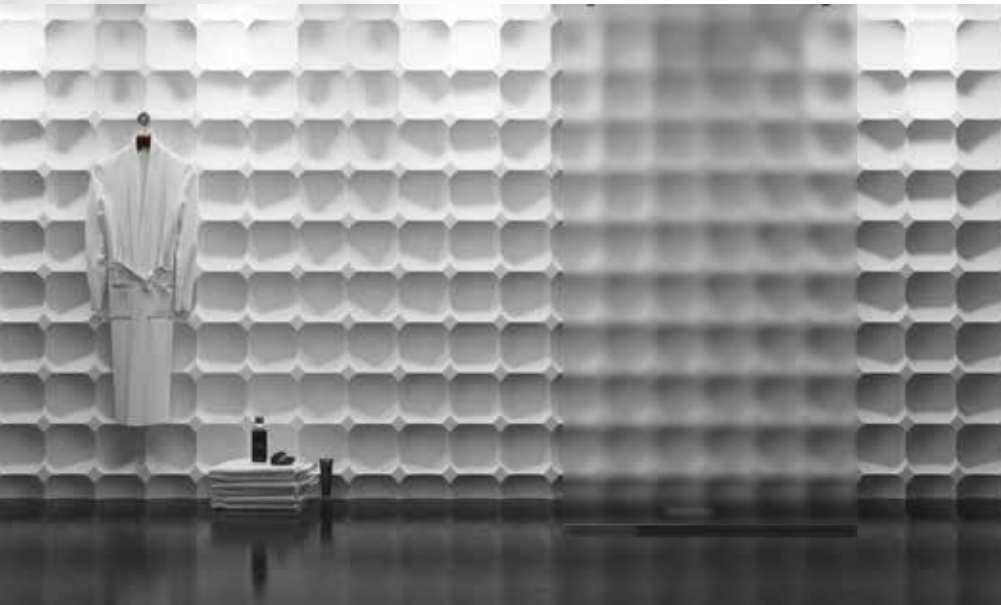

DIMENSIONS height 80 x width 100 cm
THICKNESS from 1,5 cm to 3,0 cm
WEIGHT about 12 kg
 Panels sizes can vary up to 5 mm from each side

MAZE - The complicated structure of the maze expresses forms of irregular contours. Irregularity and expression, smooth blending of complex strokes - give the impression of intense, vibrating motion. The Maze Pattern is a discreet form, combined with the characteristic labyrinth.

PIXELS

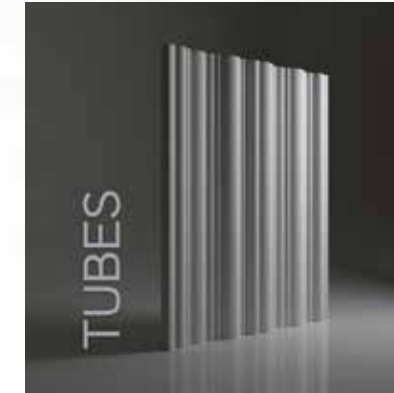

PIXELS - Space defined by reference to the virtual world of pulsating points this deep profile theme, and horizontal and vertical characteristic rhythms give the impression of a gentle flicker and cool, mathematical order, which fits perfectly into modern designs.

DIMENSIONS height 80 x width 80 cm
THICKNESS from 1,5 cm to 5,0 cm
WEIGHT about 13 kg

Panels sizes can vary up to 5 mm from each side

DIMENSIONS height 80 x width 80 cm
THICKNESS from 1,5 cm to 4,5 cm
WEIGHT about 14 kg

Panels sizes can vary up to 5 mm from each side

TUBES

TUBES - refers to the classical decorative patterns. Vertical irregularity and associated with the arrangement of hanging theatre curtains. The Peace and regularity of this pattern evokes the feeling of elegance and simplicity.

WICKER

WICKER - Dynamic rhythms, horizontal symmetry and repetitive themes are inspired by wicker weaves. When placed it gives the feeling of space and order, making this classically inspired design perfect for a modern and minimalist look.

DIMENSIONS height 80 x width 100 cm
THICKNESS from 1,5 cm to 6,0 cm
WEIGHT about 18 kg
 Panels sizes can vary up to 5 mm from each side

HONEY

DIMENSIONS height 80 x width 70 cm
THICKNESS from 1,5 cm to 3,5 cm
WEIGHT about 10 kg
 Panels sizes can vary up to 5 mm from each side

HONEY - Inspired by nature, these geometric variations on the honeycomb, bring a fantastic symmetrical order to any room. Organic polygons arranged in irregular vibrating patterns heighten perspective and give a beautifully dynamic feeling of space.

SINUS

Deep profile design SINUS brings a beautiful chiaroscuro effect. Storm waves combined with strong chiaroscuro design, gives a suggestive dominant effect. Dominant defines a space, but leaves a wide field for experimentation and arrangements.

DIMENSIONS height 80 x width 80cm

THICKNESS from 1,5 cm to 4,0 cm

WEIGHT about 13 kg

Panels sizes can vary up to 5 mm from each side

DIMENSIONS height 80 x width 80cm

THICKNESS from 1,5 cm to 2,3 cm

WEIGHT about 10 kg

Panels sizes can vary up to 5 mm from each side

PUZZLE

PUZZLE - is a modern design and very bold motif often used in interior decorations and arrangements. With its Unconventional structure, Puzzle allows you to create an almost fairy-tale space. Unusual colour combination and backlights, puzzles make the interior become strikingly three-dimensional.
